K - F O O D

Seein offers Korean matcha and green tea as an alternative to the standardized Japanese green tea that dominates the global market. Locally sourced from Jeju, Hadong, and Boseong to focus on sustainability and longevity, our products speak for themselves with vibrant flavors and characteristics which provide a wholly unique experience.

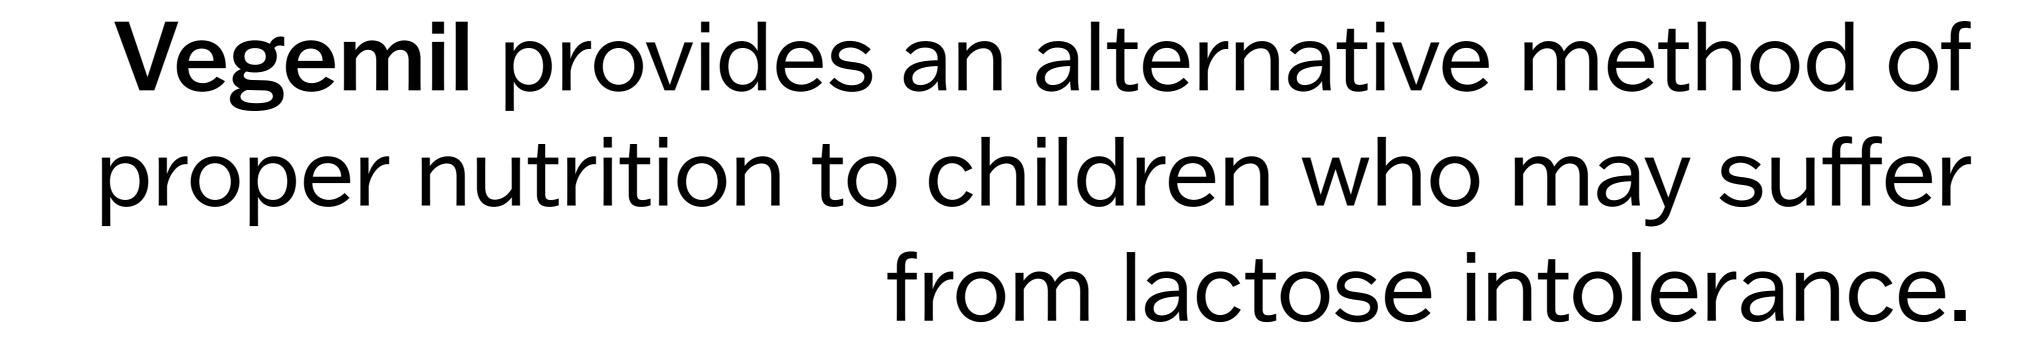

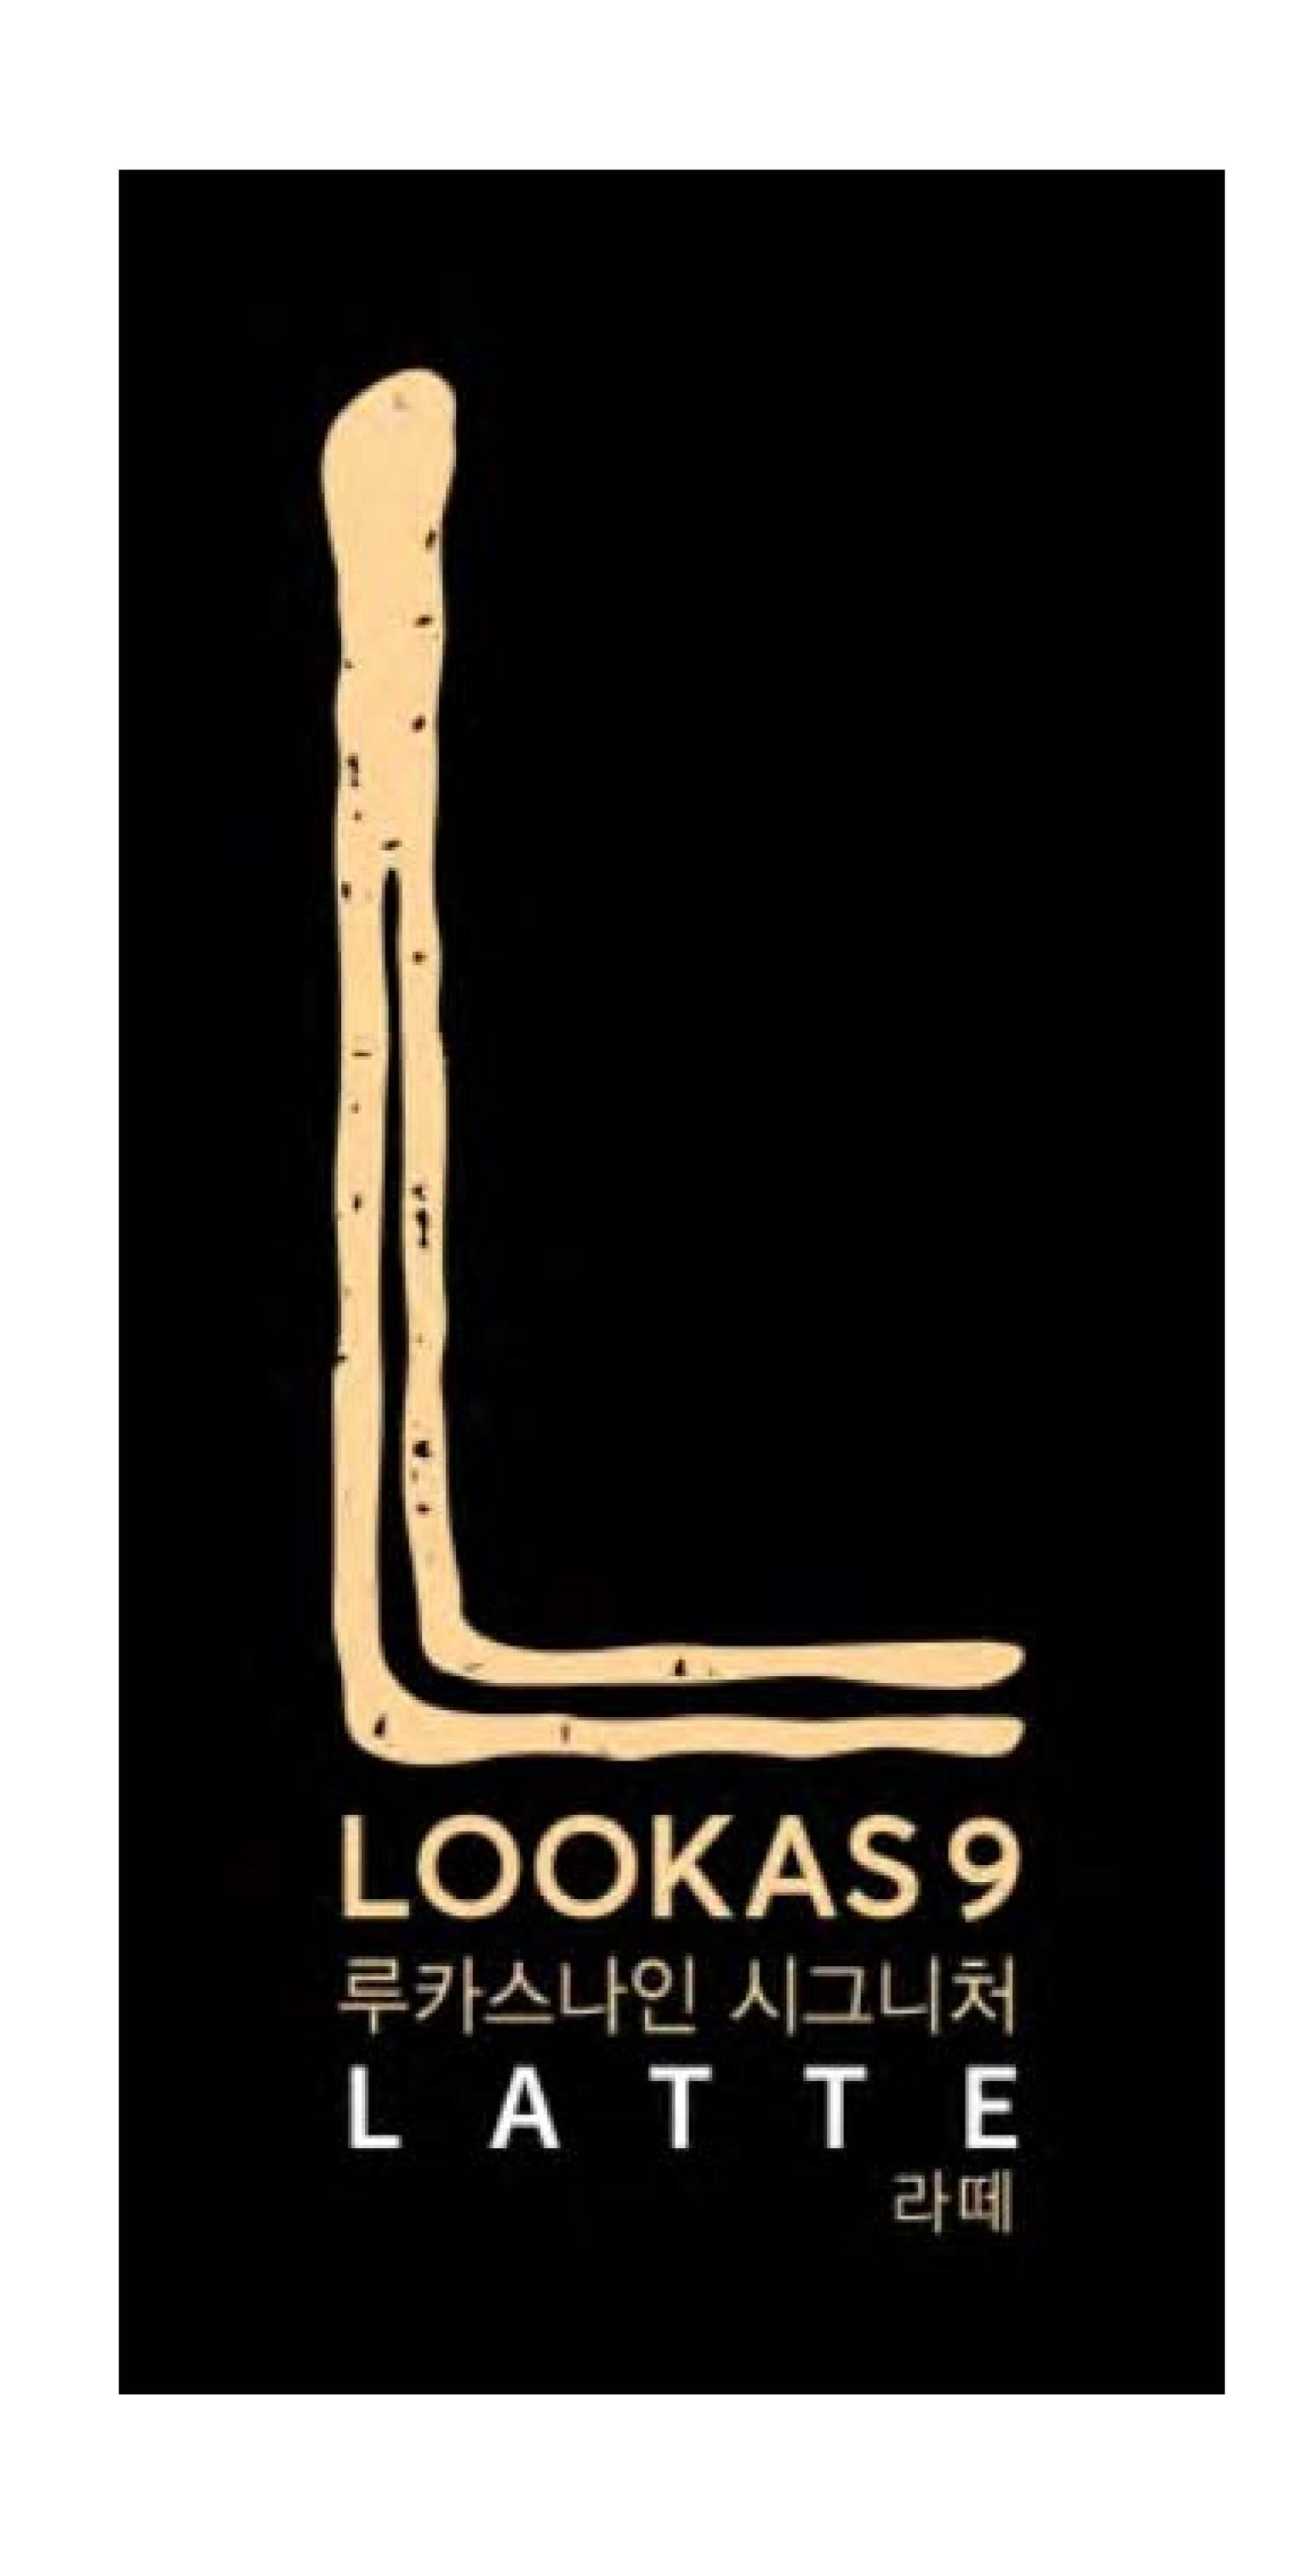

French Cafe Instant Coffee offers a delicious experience with significantly less sugar and additives, as well as a dash of fat-free milk, for vitalizing and healthy consumption.

High-quality Columbia Arabica coffee beans are pressed slowly for 20 minutes at 9 atmospheres to maintain aroma and flavors. Add Grade A fat-free milk to our espresso for a delicious latte.

We manufacture a variety of foods from traditional Korean drinks such as Sikhye and Tteokbokki. We ensure the highest quality and safety of our products, with sincere care for our food that anyone can enjoy with confidence.
